Inspection Number: 702800155

Inspection Photos
Location Name: Diamond T Sheep 7-92 /1-26
Location ID: 438248

Photo 4. Photo taken from the northwest of the Location shows an overview of the Location and northwestern interim area.

Inspection Photos

Location Name: Diamond T Sheep 7-92 /1-26

Location ID: 438248

Photo 5. Photo taken from the northwest of the Location shows bare, unprotected soils in the interim areas.

Photo 6. Photo taken from the north of the Location shows rill erosion occurring on bare soils of the interim areas. Photo also shows where surface roughening was improperly performed by tracking perpendicular to the slope.

Inspection Photos
Location Name: Diamond T Sheep 7-92 /1-26
Location ID: 438248

Photo 7. Photo taken from the north of the Location shows rill erosion occurring on bare soils of the interim areas.

Photo 8. Photo taken from the west of the Location shows rill erosion occurring on bare soils of the interim areas.

Inspection Photos

Location Name: Diamond T Sheep 7-92 /1-26

Location ID: 438248

Photo 9. Photo taken from the south of the Location shows unmaintained erosion control BMPs. Soil has broken through the straw wattle and is accumulating offsite in native rangeland adjacent to the Location.

Photo 10. Refer to Photo 9 comment. Red circle shows soils accumulating in, and degrading adjacent areas.
