General Comment:

On 6/7//2022, Reclamation Specialist Trujillo conducted a final reclamation and stormwater inspection at Laramie Energy's Harvey 5-19 Location in Mesa County, Colorado.

Records show well was PA 7/20/2012 by Black Hills Plateau Production LLC (F6s #400314537); Final reclamation pursuant to 1004.a was required to be completed by 7/20/2013. Operator ownership of the Location changed from Black Hills, to Laramie Energy LLC, effective 12/1/2017 (F10 #401725174)

It was observed in this inspection that the Location does not comply with 1004 final reclamation requirements. The following compliance issues were observed during this inspection:

- Final Reclamation of the Location and access road
- Pit closure
- Undesirable and Noxious Plant species management.

Refer to the "Reclamation" and "Pits" sections of this inspection report for additional details.

Refer to the photo-documentation of the observed compliance issues attached to this report.

Any corrective action(s) from previous inspections that have not been addressed are still applicable.

A follow up inspection on this site will be conducted to ensure the compliance issues have been corrected to comply with COGCC rules.

Comment:

It was observed in this inspection that the Location does not comply with 1004 final reclamation requirements- Location and access road have not been decompacted, recontoured/regrading and reclaimed; gravel/culverts/cattle guard remaining at road; pit has not been properly closed and reclaimed. Shrub establishment evident, however large majority of the Location is bare soil, or Undesirable and Noxious Plant species such as Jointed Goatgrass, Field Bindweed, Annual wheatgrass and cheatgrass; weed management inadequate.

Corrective Action:

Comply with 1004.a and complete final reclamation of the Location and access road including, but not limited to, removal of gravel, removal of culverts/cattle guard, compaction alleviation, recontouring/regrading, pit closure and reclamation.

Comply with Rules 606.c / 1004.e and conduct weed management; ongoing weed monitoring/management to prevent further spread and establishment of Undesirable and Noxious plant species required until Location receives a passing final inspection.

Comment:

It was observed in this inspection that the Pit on the Location has not been closed and reclaimed in accordance with COGCC Rules and requirements; records show pit is an unlined "blowdown pit"; pit appears to be in use as a dump area.
Pit requires closure and reclamation.

Corrective Action

Comply with Rule 911 for pit. Contact West Environmental Supervisor Alex Fischer regarding Form 27, sampling, remediation and pit closure requirements by 6/10/2022

Date: 06/10/2022
