General Comment:

On 06/10/2022, Reclamation Specialist O'Malley conducted a final reclamation and stormwater inspection at SWN Production Company LLC's Antietam-67N93W /12NWNW Location #313333 in Moffat County, Colorado.

The following compliance issues were observed during this inspection:

- Noxious Weeds
- Final reclamation not complete: access road and power lines remain

Refer to the "Location," "Reclamation" and "Stormwater" sections of this inspection report for additional details.

Refer to the photo-documentation of the observed compliance issues attached to this report.

Any corrective action(s) from previous inspections that have not been addressed are still applicable.

A follow up inspection on this site will be conducted to ensure the compliance issues have been corrected to comply with COGCC rules.

Comment:

	<p style="color: blue;">Refer to the "Location" section of this document for weed control corrective action.</p> <p style="color: blue;">It was observed in this inspection that the Location has been reclaimed. Vegetation on the Location is dominated by crested wheatgrass, smooth brome (non-native species) and sagebrush. Reference area vegetation is native rangeland. Due to the presence of power lines adjacent to the Location and the unreclaimed access road, this Location does not meet Final Reclamation requirements.</p>	
Corrective Action:	<p>Remove all power lines associated with the Location and reclaim the Location access road. Road reclamation includes, but is not limited to gravel removal, culvert removal, compaction alleviation (cross ripping to a minimum depth of 18 inches), recontouring/regrading, replacement of topsoil, and revegetation. Use a seed mixture provided by the surface owner, or a mixture prescribed by the local soil conservation district. Provide, attached to an FIRR a signed Surface Owner letter indicating the seed mixture for road reclamation. In the absence of an agreement between the Operator and the Surface Owner, provide a signed letter indicating the seed mixture for road reclamation from the local soil conservation district.</p>	Date 11/15/2022
