General Comment:

This is a follow up Final Reclamation Inspection for PA Well API#013-06096 and its associated tank battery. The last reclamation inspection was conducted on 3/2/2018.

Note- the initial field inspection was conducted on May 26, 2022. Due to the observed issues at this location and other nearby locations, COGCC Staff set up a site visit with all stakeholders (COGCC, City of Longmont, Top, and contractor). The site visit was performed on June 9, 2022.

VEGETATIVE COVER _____

Comment: Final reclamation has been completed; however, desirable vegetation was observed but it was patchy and not uniform. The Anadarko midstream equipment has been removed and Top Operating was going to try to help get this properly reclaimed per our rules.

There is an approved Final Reclamation variance (Doc.# 401800391) for portions of the access road and culvert that were utilized for the Spring Gulch Capital Improvement Project.

Corrective Action:	Operation shall perform final reclamation activities no later than 11/30/22. This will fulfill the City of Longmont's dormant seeding requirements. Operator shall monitor and manage this site for stormwater and weed management until final reclamation activities commence.	Date	11/30/2022
