General Comment:**COGCC Inspection Report Summary**

On Thursday 6/30/2022 at approximately 1000, I, Inspector Scott Ramsey, conducted a routine inspection at Caerus RP1, at Location # 324011 in Garfield county Colorado.

Any Corrective Actions from previous Inspections that have not been addressed are still applicable.

While there, I observed normal production operations. All meters have been calibrated on location within the past year. This location is within or in close proximity to a CPW Density/High Priority Habitat, black bear, NSO habitat, Wildlife Management Area. Operator (Caerus) has provided documentation of their Best Management Practices for Sediment Tracking Controls.

Inspector did not access location because of soft/muddy conditions and risk of degrading pad.

This is a summary of inspection report.
