All, this is to confirm that we have completed 1 of 2 corrective actions from the COGCC field inspection Doc # 696202460.

1) **Contact the COGCC West Environmental Supervisor Alex Fischer**

(alex.fischer@state.co.us) regarding closure and reclamation by 3/30/2021. The meeting was scheduled and held by Alex Fischer on 3/29/2021 at 1:30 PM. The FIRR was not submitted because the 2nd CA is attached to the first one with a later due date and would close out both if submitted. A FIIR will be submitted when the 2nd CA is completed.
