William R. Smith, P.E.
Director

Date: NOV 17 1986

The Jurisdictional Agency determination was based on information contained in or added to the Application. Review by the professional staff of the Colorado Commission indicates that this well is an (New) ~~(Old)~~ well. The well produces from the D-J SAND reservoir ~~(s)~~;

and was drilled after February 19, 1977.

The well is located according to the general rule by which a minimum 40 acre unit is established. The well is the first and only well on such a unit.

This conclusion was originated by examination of plat records, completion reports and statements in the application.

Which show this well is a new onshore production well not drilled into a proration unit.

Therefore meets the qualifications of a (103) well as defined in the N.G.P.A.
