**General Comment:****COGCC Inspection Report Summary**

On Wednesday 7/20/2022 at approximately 1200, I, Inspector Scott Ramsey, conducted a routine inspection at D90 Surprise-Damfino S6, at Location # 416625 in Jackson county Colorado.

Any Corrective Actions from previous Inspections that have not been addressed are still applicable.

While there, I observed normal operations. There was active operations widening the location for the drill rig. This location is within or in close proximity to a CPW Density/High Priority Habitat, black bear, NSO habitat, Wildlife black bear Management and Density habitat.

During this inspection the following possible compliance issues were observed:

1. Load lines/valve lacking caps/plugs
2. Earth berms around tanks need maintained.

Refer to photograph of observed compliance issue.

A follow up on this site inspection will be conducted to ensure the compliance issues have been corrected to comply with COGCC rules.

This is a summary of inspection report.
