General Comment:

On 07/26/2022, Reclamation Specialist O'Malley conducted an inspection at Organic Energy Company LLC's Allen-66N91W /8SESE Location #313364 in Moffat County, Colorado.

This is a follow up to inspection #702800196 to document compliance with the following issues:
 - Noxious Weeds

Refer to the "Reclamation" section of this inspection report for additional details.

Refer to the photo-documentation of the observed compliance issues attached to this report.

Any corrective action(s) from previous inspections that have not been addressed are still applicable.

A follow up inspection on this site will be conducted to ensure the compliance issues have been corrected to comply with COGCC rules.

1003 f. Weeds Noxious weeds? _____ I _____

Comment Previous inspection #702800196 observed noxious weeds are widespread on the Location, although not dominant. Inspector required Operator to Conduct weed management to prevent further establishment and spread of CO State List B Noxious Weeds by 5/25/2022.

It was observed in this inspection that some weeds on Location show evidence of herbicide damage. It appears that noxious weeds have been treated and that this corrective action has been addressed. No Field Inspection Report Resolution Form (FIRR) has been received as required per Rule 210.a. Many noxious weeds were observed to be untreated, including dalmatian toadflax and Canada thistle. Additional management is required.

Corrective Action Comply with Rule 1003.f and conduct weed management on the Location to prevent further establishment and spread of CO State List B Noxious Weeds; ongoing weed management required.

Date 08/02/2022
