**General Comment:**

COGCC UIC Yearly Inspection Report Summary

Location is in a High Priority Habitat Area.

During this inspection the following compliance issues were observed:

- Oil stains on loading area in front of tank battery. Oil stained ground and gravel inside of pumphouse.
- Leak on man cover on back of produced water tank.

Called number on sign from location to inform operator of a leak on back of produced water tank. Spoke with Clay Evans around 11:45 am.

- (5 gallon) buckets stored in pump shed with no containment. Open bucket full of fluid among the stored buckets (5 gallon). Spill pan on loadline is full.

A follow up on this site inspection will be conducted to ensure the compliance issues have been corrected to comply with COGCC rules.
