General Comment:

On 08/23/2022, Reclamation Specialist O'Malley conducted a Final Reclamation and Stormwater inspection at Caerus Piceance LLC's GMU-66S93W /35NWSW Location #334828 in Garfield County, Colorado.

The following compliance issues were observed during this inspection:

- Noxious Weeds

- Final Reclamation: pigging station and access road/turn-around remain

Refer to the "Location," "Reclamation," "Stormwater" and "COGCC Comments" sections of this inspection report for additional details.

Refer to the photo-documentation of the observed compliance issues attached to this report.

Any corrective action(s) from previous inspections that have not been addressed are still applicable.

A follow up inspection on this site will be conducted to ensure the compliance issues have been corrected to comply with COGCC rules.

Comment:

Refer to the "Location" section of this inspection report for weed control corrective action.

Refer to the "COGCC Comments" section of this inspection report for additional "FINAL RECLAMATION COMMENTS".

Transects were conducted indicating vegetation in the reclaimed areas has achieved total perennial, non-invasive uniform plant cover of at least 80 percent of reference area levels at the time of this inspection. See attached. However, the entire Location has not been reclaimed; a pig launcher/receiver, associated road and turn-around are present at the southeast of the Location. This equipment and the associated road and turn-around must be reclaimed per 1004 rules. Revegetation will be reassessed once the entire Location is reclaimed.

Corrective Action: **Remove pig launcher/receiver, associated road and turn-around and reclaim in accordance with 1004 rules.**

Date **11/25/2022**

FINAL RECLAMATION COMMENTS	omalleya	08/25/2022
Operator submitted document #403137684 indicating Final reclamation complete and stating "A pig launcher/receiver remains in the southwest disturbance boundaries. The remaining road and turn-around are used for pigging operations and will be reclaimed following pipeline abandonment."		
Per 1004 Rules the pig launcher/receiver, associated road and turn-around must be removed and reclaimed for Final Reclamation.
