General Comment:

On 9/15/2022, Reclamation Specialist Trujillo conducted a final reclamation inspection at Caerus Piceance's Thomas #18-1 location in Mesa County, Colorado.

This inspection is in response to Sundry #403136604

The following compliance issues were observed during this inspection:

-Noxious weeds

It was also observed in this inspection that the Location has meet 1004 revegetation requirements.

Refer to the "Reclamation" section of this inspection report for additional details.

TOTAL % OF DESIRABLE VEGETATION COVER _____

VEGETATIVE COVER _____

Comment:

Location received an approved 502.b SOVR (Doc #401809327) to waive reclamation requirements of the access road, and a partial reclaim of the Location. It was observed in this inspection that the site has achieved 1004 revegetation standards; however, tamarisk was observed establishing on the west end of the Location.

Operator is being directed to conduct additional weed management efforts prior to final passing of the Location.

Operator states within Sundry #403136604 that the perimeter fence will remain in place until the site passes reclamation w/ a COA to remove fence.

Corrective Action:

Comply with 1004.e and conduct additional weed management. Remove perimeter fence.

Upon removal of weeds and fence, submit photo documentation attached to a FIRR showing weeds/fence have been removed; a subsequent inspection will be submitted to provide final passing of the Location.

Date **10/16/2022**
