DRILLING COMPLETION REPORT

Per Rule 308A, this form and all required attachments shall be submitted after completing the drilling operations to drill, sidetrack, or deepen a wellbore and after changing the casing and/or cement configuration of a wellbore. If any attempt has been made to test, complete, or produce the well, the operator shall also submit a Form 5A (Completed Interval Report) per Rule 308B. If the well has been plugged, the operator shall also submit a Form 6 (Well Abandonment Report) per Rule 311.

General Comments

<u>User Group</u>	<u>Comment</u>	<u>Comment Date</u>
Permit	<p>Corrected the following per operator email:</p> <ul style="list-style-type: none"> -updated as-drilled GPS data: Latitude 38.353147, Longitude -105.113586; taken by Liz Harkins on 2/08/21 -Date Casing Set: 1/06/10 had incorrectly reported surf casing set date on 12/14/09 rather than final, first string set on 1/06/10 -Explanation for cement job summary in ATTACHMENTS TAB: Ticket #6904, dated 12/14/09 shows 8.5 cu-yds delivered and pumped (*per established 10-sx per cu-yd grout mix used throughout Fremont County for Pierre wells– see email attachment titled Fremont Redi-Mix Well Grout Mixture) -Correction to CASING TAB, based on cement ticket in ATTACHMENTS TAB: 85 sx on surface casing 	03/19/2021
Engineer	Cement job summary: Cement quantity 8.5 special concrete. No units (cubic yds?). Does not match with the 130 sx on the form for surface casing. Requested explanation, better copy and admixture.	02/10/2016
Permit	<p>Operator supplied directional data in .las file. File has been uploaded to this form. No map/side view of wellbore diagram is available for this well.</p> <p>Corrected BHL footages to reflect directional survey reported values. COGCC has created the directional data .xlsm file. Waiting on as-drilled GPS data.</p>	05/08/2015
Permit	<p>1) The as-drilled GPS data cannot be accurate, as it shows the exact same data as the planned GPS. On satellite image, as-drilled wellhead location is ~160' to the W of the permitted location. This is problematic, as it appears that the well was drilled outside of its permitted location. This will require further review to determine what course of action we need to take.</p> <p>2) Complete, as-drilled directional survey, extending from surface to TD, and also an excel file containing the directional data requested.</p>	04/28/2015
Permit	Directional survey appears to a planning report. Requested actual directional survey.	03/12/2015
Permit	AS-built GPS had a typo.	03/12/2015
Permit	Email to opr 1/12/2012 As built gps location reported on Form 5 plots in T19S R68 W sec 33. Verify directional survey "as-drilled, MD, TVD, bottom hole location.	01/12/2012
