General Comment:

On 9/22/2022 Reclamation Specialist Trujillo inspected Caerus Piceance's Mesa P24-697 location in Garfield County, Colorado.

This is also a follow-up inspection to #696204042, to document compliance for the following corrective actions:

-Stormwater

It was observed that the Location remains out of compliance with COGCC Rules and corrective actions

Refer to the "Stormwater" section of this inspection report for additional details.

Refer to the photo-documentation of the observed compliance issues attached to this report.

Any corrective action(s) from previous inspections that have not been addressed are still applicable.

A follow up inspection on this site will be conducted to ensure the compliance issues have been corrected to comply with COGCC rules.

Corrective Action: [Comply with 1002.f](#)

Date: 09/09/2022

Pits: NO SURFACE INDICATION OF PIT

COGCC Comments

Comment	User	Date
<p>STORMWATER COMMENTS</p> <p>Inspection #696204042 observed that stormwater and erosion control BMPs were missing or insufficient on the Location: -Sediment traps on the north end of the Location have not been constructed with a properly engineered inlet and outlet; inlet/outlet have not been constructed with a geotextile lining in conjunction with rip-rap armoring per good engineering practices, resulting in erosion degradation beneath the rock material; degradation also observed below the armored section of the inlet leading into the sediment trap. Inspection required Operator to comply with Rule 1002.f by 9/8/2022.</p> <p>It was observed in this inspection that work to address the CA is inadequate; though the erosion degradation appears to have been repaired, the sediment trap BMPs have not been installed in accordance with good engineering practices; Operator installed rock (rip-rap) to armor both the inlets/outlets of the traps, however, rip-rap has not been installed in conjunction with geotextile lining per good engineering practices.</p> <p>This CA has not been addressed and remains applicable.</p>	trujilloam	09/23/2022
