Comment: This location does not comply with Rule 1004. It appears the operator has performed final reclamation activities with no visible evidence of oil and gas equipment observed during this inspection. The location was observed to have a large area of annual weedy vegetation that is slowing progress towards reaching final reclamation standards. Refer to attached inspection photos.

Corrective Action:	Comply with Rule 1004 and manage weedy vegetation on location. Operator shall continue to monitor and manage this site until the location meets Rule 1004 standards, including stormwater and weed management. The corrective action date is the date the location was observed out of compliance.	Date	10/07/2022
