Comment

It does not appear the Operator has performed reclamation activities at the tank battery location since there was no desirable vegetation observed. The former tank battery area would be considered cropland.

Corrective Action

Perform reclamation in accordance to Rule 1003. Collaborate with the landowner to determine mitigating measures that will allow reclamation work to be conducted in such a manner as to not interfere with agricultural activities or crop production.

Date **10/07/2022**

The corrective date is the date the location was observed out of compliance.
