Inspection Photos

Location Name: SAND HILLS FED-612N91W/20NESE

Location ID: 313096

Photo 1. Photo taken to the west of the Location shows the unreclaimed Fee portion of the access road. Soil are bare and compacted in tracks. Cheatgrass (List C Noxious) is common.

Photo 2. Photo taken to the west of the Location shows the Federal portion of the access road which has been reclaimed. Portions of the road are poorly vegetated. Bare ground and annual weeds are common. Vehicle traffic appears to be impacting reclamation and causing the formation of a two-track.
