Dear Mr. Rogers:

In connection with your request of July 19, please find enclosed three executed copies of Form 10 to cover our #2 and #3 Nelson wells. We were unaware that these forms should be filed.

At your convenience, may we ask that you tell us whether or not we should file a Form 10 on each new producing well on the same lease.

Thank you.

Yours very truly,

Pete Couch

Dear Sirs

In answer to your question in your letter of July 22, 1963  
Yes, you should file an O&G Form 10 on each new well.

Complete information regarding the filing of this form is to be found on the reverse side of the form itself.
