Gentlemen:

As you know, I am going to drill the Hewit #1 Axtell on the NE/4 SW/4 of Section 24, T3S-R58W, Adams County, Colorado, at a location which is only 500 feet from your lease which covers the NE/4 and the N/2 SE/4 of said Section 24. The reason that this location is not 600 feet from your lease is because the section is only 4820 feet from east to west and the surveyor staked the location 1920 feet from the ~~west~~ line and 2110 feet from the south line of said section 24 because of the topographic relief.

Before I can commence drilling on this location it will be necessary for you to approve this location and the drilling of the well on this location.

Accordingly, I would appreciate it if you would give me your consent to this location and to the drilling of the well on the location by your acceptance and approval in the space below provided and return three copies of this letter to me.

Yours very truly,

William D. Hewit
