Commission**

Department of Natural Resources

Photo 1. Taken north of the tank battery, facing east. Photo illustrates that the access road has been reclaimed and revegetated with desirable species. Red outline indicates pipeline markers that need to be removed.

Photo 2. Taken from the southern portion of the well location, facing north. Photo illustrates the location has been reclaimed with presence of desirable vegetation (e.g. buffalo grass, sand drop seed, etc). The red outlined pipeline markers need to be removed.

Inspection Photos
Location Name: UHL #2
Location ID: 330979

Photo 3. Taken from the tank battery location, facing northeast. Photo illustrates the location has not revegetated with desirable species as evidenced by russian thistle and areas of bare soil. Red outline indicates pipeline markers that need to be removed.

Inspection Photos
Location Name: UHL #2
Location ID: 330979

Photo 4. Facing east, see comments in Photo 3.

Inspection Photos
Location Name: UHL #2
