General Comment:**COGCC Inspection Report Summary**

On Wednesday 12/21/2022, I, Inspector Scott Ramsey, conducted a routine inspection at TEP RMV 169-18, at Location # 335604 in Garfield county Colorado.

Any Corrective Actions from previous Inspections that have not been addressed are still applicable.

While there, I observed normal production operations. This location is within or in close proximity to a CPW Density/High Priority Habitat, black bear, NSO habitat, Wildlife Management. Operator (TERRA) has provided there Piceance Basin Storm water Manual of BMP's (SC-4) for a tracking pad.

During this inspection the following compliance issues were observed:

1. Staining with strong hydrocarbon odor and fluid had traveled down access road.
2. Random debris

Refer to photograph of observed compliance issue.

A follow up on this site inspection may be conducted to ensure the compliance issues have been corrected to comply with COGCC rules. This is a summary of inspection report.
