Dear Sir:

In regards to your letter of August 13-68. I have been trying to find out the status of the well. New leases was taken up and I was left out Bob Cannon, Glen Forste. & Dusty Dalton I found out they are in the Shinarump sand with a little showing of oil. they was supposed to make out all reports. I will try to get more information on the log of the well from top to bottom.

would there be any chance of transferring the permit to them I was not aware of the new deal and of there drilling on my permit.

Sincerely
Leonard Nyset
