Dear Mrs. Davis:

This is in answer to your letter of January 15, 1958, regarding the Federal well drilled in the NW/4 SE/4 SE/4, Section 23, Township 6 North, Range 90 West.

Order No. 103-1 of this Commission established 80-acre drilling and spacing units. These units are the east half or west half of each quarter section.

The well located in the NW/4 SE/4 SE/4 is the well for the unit which is comprised of the east half of the SE/4. Unless you have an interest in that unit, you are entitled to nothing from the Federal well.

Enclosed is a copy of Order No. 103-1.

Yours very truly,

OIL AND GAS CONSERVATION COMMISSION  
OF THE STATE OF COLORADO
