Re: Oil & Gas Operator Bond  
for Drilling Operations  
Davon Oil Corporation

Dear Sir:

We have been advised by Davon Oil Corporation that they drilled the well covered by the above bond and the hole was dry. It was plugged and abandoned on April 20, 1952.

This well was drilled in Logan County, located NE/4 Sec. 10-9N-53W and known as North Sterling Irrigation Co. Well No. 1.

If the above is in agreement with your records, I would appreciate a letter of Authority releasing the Surety, United States Fidelity and Guaranty Company, from liability under the bond.

Sincerely yours,

ANCEL EARP & COMPANY
