Inspection Number: 702801189

Inspection Photos  
Location Name: Dixon Federal Pad (SWNW-23-692)/11A-23-692  
Location ID: 425899

**Photo 3.** Photo taken at the east of the location shows an overview of the eroding cut slope behind the separators.

Inspection Photos  
Location Name: Dixon Federal Pad (SWNW-23-692)/11A-23-692  
Location ID: 425899

**Photo 4.** Photos taken at the east of the location show the cut slope behind the separators. The erosion blanket is degraded, sediment has overtopped wattles, stabilizing perennial plants appear sparse. Sediment is accumulating at the base of the slope.

Inspection Photos

Location Name: Dixon Federal Pad (SWNW-23-692)/11A-23-692

Location ID: 425899

**Photo 5.** Photo shows BMP degradation and cut slope erosion. Soils were observed to be actively falling from the slope from gravity (not wind or water) indicating a particularly unstable slope. See also attached video.
