General Comment:

COGCC Inspection Report Summary

On Tuesday, 02/07/2023, at approximately 9:30 AM, Inspector Kirby Burchett, conducted a routine field inspection at Caerus Piceance LLC on the Nolte 14-796 Pad, Location #435806, in Garfield County, Colorado. This location is within or in close proximity to a CPW Black Bear/High Priority/NSO/Density Habitat Wildlife Management Area and 411.a. Public Water System Protection Area.

Any Corrective Actions from previous Inspections are still applicable.

While there, I observed normal production operations. During this inspection the following compliance issues were observed:

1. Random debris
2. Loadlines with open ends.
3. Tank labels missing or illegible.

A follow up on this site inspection will be conducted to ensure the compliance issues have been corrected to comply with COGCC rules.

LocationOverall Good: ☐**Signs/Marker:**

Type	OTHER		
Comment:	Separator units include attached storage tanks. The sight glass located on the side of the unit indicates the storage tank is full of an unknown fluid. No form of labeling or markers are present to identify a potential hazard or the contents of the storage tank.
