#### OPERATOR COMMENT AND SUBMITTAL

Comment: CAs have been shown as corrected per inspection #: 696105736

Important Note: During this inspection, it was observed that portions of the topsoil stockpile had evidence of bare soil and undesirable vegetation (e.g. kochia and russian thistle). Comply with Rule 1002.c. Corrective action date is the date the location was observed out of date compliance. Once ground conditions improve, bare areas will be re-seeded and weeds will be sprayed/mowed as needed.

I hereby certify that the statements made in this form are, to the best of my knowledge, true, correct, and complete.
