Inspection Photos
Location Name: Valley Farms F Pad
Location ID: 335538

Photo 3. Photos show storage of supplies/unused equipment within the tank battery secondary containment (left) and debris, (right) including electrical equipment in disrepair within a puddle.

Inspection Photos
Location Name: Valley Farms F Pad
Location ID: 335538

Photo 4. Photos shows the cut slope to the south of the location. BMPs (erosion control blankets) are in disrepair and are degrading. Erosion is evident. Note rill erosion (left) and sediment accumulation at the base of the cut (right) indicating loss of soil from the slope.

Inspection Photos
Location Name: Valley Farms F Pad
Location ID: 335538

Photo 5. Photos show eastern interim areas/slopes. No perennial vegetation observed. Bare ground and annual species dominate. Stormwater BMPs have only been installed on a small portion of the slope and are in disrepair. Soils are bare, unprotected.
