Gentlemen:

Re: Well #2 "A" Blumenkamp  
SE/4 SW/4 Section 17-3S-56W

First, I wish to apologize for the long delay in answering your letter of September 12, 1968 concerning the above well. I was attempting to develop some information which might have been of help to you, but was unable to do so.

It would appear that the well in question was drilled by New Drilling Company in 1956. Subsequently that company went into bankruptcy. Republic Supply Company acquired our minority stock interest in New Drilling in May of 1963 while the said corporation was being reorganized. In 1967 the corporation was dissolved and the assets distributed to the stockholders. We were not a stockholder at the time the well was drilled, nor have we ever owned an interest in the said well. Accordingly, we feel that we do not have any responsibility in this matter.

We are sorry that we cannot be of any assistance to you.

Sincerely yours,

James F. Metzger
