General Comment:**COGCC Inspection Report Summary**

On Tuesday, 03/07/2023, Inspector Kirby Burchett, conducted a routine field inspection at Chevron U.S.A., Inc. (Scout Energy Partners) on the Carney 14-34, Location #314246, in Rio Blanco County, Colorado.

This location is within or in close proximity to a Parks and Wildlife (CPW) District with High Priority, NSO, and Density Habitat regulations.

Any Corrective Actions from previous Inspections are still applicable.

While there, I observed normal operations. During this inspection the following compliance issues were observed:

1. Soil migration off location due to snow removal operations.

A follow up on this site inspection will be conducted to ensure all compliance issues have been corrected to comply with COGCC rules.

				Material Handling And Spill Prevention		

Comment: Limited Stormwater inspection due to location being covered with snow.
Soil migration off location due to sediment being pushed off during snow removal.

Corrective Action: Oil and gas operators shall implement and maintain Best Management Practices (BMPs) at all oil and gas locations to control Stormwater runoff in a manner that minimizes erosion, transport of sediment offsite, and site degradation.
Provide proper BMPs to prevent sediment migration from location and lease road.

Date: 04/12/2023

Pits: ☒ NO SURFACE INDICATION OF PIT
