Latitude: 37.478380 Longitude: -103.543750

CORRECTIVE ACTIONS:

5 ☒ CA# 167740

Corrective Action: Install or repair required BMPs per Rule 1002.f.(2)C

Date: 03/02/2023

Response: CA COMPLETED

Date of Completion: 03/17/2023

Operator Comment: Required BMPs per Rule 1002.f.(2) C, installed at well location. Flowline disturbance graded to prevent soil or sediment runoff. .

COGCC Decision: Approved pending re-inspection

COGCC
Representative:

The wattles in the photo look degraded and may need to be replaced with new and/or additional BMP's.

OPERATOR COMMENT AND SUBMITTAL

Comment: Desert Eagle Operating has addressed the soil disturbance by grading at the wellsite and continues to address soils disturbed along the flowline by grading the disturbed soil to be utilized for reclamation; removing trees and depositing them at a landowner requested location; and removing rocks left at the surface and trucking them to a raw materials company. Disturbed, compacted soil from heavy equipment will be de-compacted for reclamation. Contractors have been instructed to minimize surface disturbance and avoid compacting the soil during the aforementioned activities as much as possible. All Corrective Actions are targeted for completion prior to the 3/30/23 Correction Action Response Requested date.

I hereby certify that the statements made in this form are, to the best of my knowledge, true, correct, and complete.
