General Comment:

On 3/23/2023, Reclamation Specialist O'Malley conducted an interim reclamation and stormwater inspection at TEP Rocky Mountain LLC's SAVAGE-66S94W/28SWNW Location #335914 in Garfield County, Colorado.

The following compliance issues were observed during this inspection:
- Unused anchor/debris

Refer to the "Location," "Reclamation" and "Stormwater" sections of this inspection report for additional details.

Refer to the photo-documentation of the observed compliance issues attached to this report.

Any corrective action(s) from previous inspections that have not been addressed are still applicable.

A follow up inspection on this site will be conducted to ensure the compliance issues have been corrected to comply with COGCC rules.

1003 f. Weeds Noxious weeds? P

Comment Areas of the location not needed for production, or no longer in use have been reduced and reclaimed. A small cut is still evident to the north of the location which must be recontoured during final reclamation. No noxious weed concerns observed at the time of this inspection. Perennial grasses appear established. However, vegetation assessment was impeded by dormant season. A follow up inspection will be conducted during a future growing season to determine compliance with 1003 requirements.
