

Storm water Management and Erosion control

Access Road/Assoc. Location Name: TEP ROCKY MOUNTAIN LLC KNIGHT-67S95W /4NWNW

Access Road/Assoc. Location #:

The screenshot displays a GIS interface with a central map showing an aerial view of a landscape with a dirt access road. A vertical blue line is drawn across the map. On the left, a 'Layers' panel lists various environmental and regulatory data layers, including 'Roads & Railroads (CDOT)', 'Water Resources (DWR & CDPHE)', 'Public Water System (PWS) Protection', and 'Brighton 1-189'. On the right, a 'Measure Distance' panel shows a measurement of 19.52 feet between two points on the map. Below the map, text indicates the access road is approximately 20ft from the nearest body of water and provides the Section/Township/Range as 4 7S95W.

Access Road overview: The access road is approximately 20ft from the nearest body of water
Section/Township/Range: 4 7S95W
