Please be cautious: This email was sent from outside Adams County

Hi Keith,

We are operating under COGCC Remediation project #20110. I did overlook the Historic Spill report when we discovered the extent of the impact. I just did that: Spill/Release Report #403374468. Thanks for pointing that out.

I am working to get all the required info together for the Inert Fill Permit.

Thanks,

Mike Cugnetti

Hey Mike,

I was looking through the well file and I'm not finding any spill reports submitted to the COGCC. Wanted to check with you and see if you have submitted anything to them??? We also let Austin know that you all need to apply for an Inert Fill permit, and we gave him all the information for that.

Thanks,

Keith Huck
