3 ☒ CA# 168342

Corrective Action: The Operator will conspicuously post and maintain the date of the last meter calibration in a legible condition at each meter at all times.

Date: 03/30/2023

Response: CA COMPLETED

Date of Completion: 03/30/2023

Operator
Comment: COGCC Rule 430.d.(2) requires that meter calibration dates be conspicuously posted AT each meter at all times. The gas meters are located inside each of the separators. The meter identification, specifications, and calibration dates are conspicuously posted inside each separator AT the meter. The doors to the separators must be opened to see the conspicuously-posted calibration dates posted at each meter. TEP's practice of posting the calibration dates inside the separator at each meter is in strict compliance with COGCC Rule 430.d.(2). Corrective action complete.

COGCC Decision: Approved pending re-inspection
