General Comment:**COGCC Inspection Report Summary**

On Wednesday, 4/26/2023, Inspector Kirby Burchett, conducted a follow up field inspection at Scout Energy Management LLC on the Gray B-15 well, Location #311797, in Rio Blanco County, Colorado.

This location is within or in close proximity to a Parks and Wildlife (CPW) District with High Priority/Density Habitats.

Any Corrective Actions from previous Inspections are still applicable.

Follow up inspection in response to FIRR #403376087 submitted by Operator for Corrective Action from Inspection #702501086 on 4/5/23.

While there during normal production operations the following compliance issue was observed:

1. Blading of location and access roads does not address Stormwater BMPs needing to be implemented and maintained to control potential sediment discharges from operational roads, well pads, and other unpaved surfaces.
- Refer to Inspection Photos for observed compliance issues.

A follow up on this site inspection will be conducted to ensure all compliance issues have been corrected to comply with COGCC rules.
