Gentlemen:

An inspection was made of the lease shown above. The following conditions were observed to exist at the time of the inspection:

- ☒ Oil accumulation on the water in the retaining pit.
- ☐ Skim pit in need of repairs.
- ☐ Skim pit or tank should be constructed.
- ☒ No. I. D. number on tank.

Remarks: Inspected on 3-29-84

I.D. numbers should be (6N67F24) and
(6N67E24)

The above condition(s) should be corrected immediately. Any surface accumulation of oil in the retaining pits must be cleaned off within ten (10) days after receipt of this notice (Rule 328). Any person who fails to comply with this request is in violation of this Commission's Rules and Regulations and is subject to the penalties as provided for under 34-60-121 of the Oil and Gas Conservation Act.

Very truly yours,

DV Rogers
