Gentlemen:

On March 12, 1985 we received a Sundry Notice on subject well indicating a change of status and completion report -Form 5 would be submitted upon completion. We also received a geologist's report at that time.

We have written twice requesting the form 5 and status of the well and to date have had no response.

Please submit this requested information by May 15, 1986 or an explanation why you can not do so.

Yours very truly,
