**General Comment:****COGCC Inspection Report Summary**

On Tuesday 5/9/2023, I, Inspector Scott Ramsey, conducted a routine inspection at KPK Dwinell 3, at Location # 324592 in Jackson county Colorado.

Any Corrective Actions from previous Inspections that have not been addressed are still applicable.

While there, I observed normal operations. This location is within or in close proximity to a CPW Density/High Priority Habitat, black bear, NSO habitat, Wildlife black bear Management and Density habitat.

During this inspection the following possible compliance issues were observed:

1. Some evidence of storm water controls to prevent sediment migration, waddles not installed properly. No evidence of tracking BMP's to prevent sediment from location being transported from location.

Refer to photograph of observed compliance issue.

A follow up on this site inspection will be conducted to ensure the compliance issues have been corrected to comply with COGCC rules.

This is a summary of inspection report.
