Financial Assurance	This transfer has been approved after review by Deputy Director Cuthbertson without a requirement to submit a Form 3 as the transfer does not involve facilities included in Form 3 at this time. The initial Form 3, pursuant to Rule, only addressed Rules 702, 703, and 704. These rules do not address Locations where all the wells are PA, but the site has not passed final reclamation, which is Rule 707. 707 bonding will not be pursued until the Director does an annual review or the Operator voluntarily submits Location bonding specific to final reclamation	05/31/2023
Financial Assurance	<p>Jessica,</p> <p>In answer to your question, I do not believe that I received a response to the email below. Once the issue with the related incidents is resolved, I can proceed with the transfer.</p> <p>I have attached a list of related incidents. The incidents with the current operator listed as Laramie Energy LLC will either need to be transferred to Black Hills or Retained by Laramie.</p> <ul style="list-style-type: none"> <li>· If the incidents are retained by Laramie, please submit a Seller Retains Responsibility Attestation together with a list of Related Incidents Not Transferred.</li> <li>· If the incidents are to be transferred to Black Hills, please submit an Incidents Transferred list.</li> </ul> <p>I will upload the new forms to the Form 9. I think that this last step should do it.</p>	10/28/2022
Financial Assurance	<p>On Hold - Waiting a response from the operators. Kari and Joe,</p> <p>I am a little unclear as to what you would like to do. If all you need to do is to be able to submit documentation, then there may be other alternatives rather than a Form 9 transfer. We can always meet and discuss your options. Our goal is to assist in meeting your objectives while remaining in compliance with the rules. Please let me know how you would like to proceed.</p> <p>Thanks,</p> <p>Deb</p>	04/27/2022
Financial Assurance	<p>There are a few items that need to be addressed before we can approve the transfer.</p> <ul style="list-style-type: none"> <li>• I have attached a spreadsheet for Related Wells and Facilities – related Not Transferred. The pits on the list have a partial API number listed. If you both concur, I will delete the partial API numbers and upload it to the form.</li> <li>• Since there are Related Facilities – Not transferred, please submit a Seller Retains Responsibility Attestation. Guidance for this attestation is on slide 5 of the Attached Attestations pdf.</li> <li>• After reviewing the status of the Form 9, we've identified 4 Field Inspections Reports (FIR) that were issued with corrective actions related to the facilities being transferred (document #s 668401588, 675200944, 675200952 and 680100160). These corrective actions may or may not have been resolved. FIRs with outstanding corrective actions are transferable items that must be accounted for in the Form 9 in one or more of the following ways.             <ol style="list-style-type: none"> <li>1. If the compliance responsibility for such an FIR transfers to the buyer include that FIR on a Related Incidents Transferred list.</li> <li>2. If the compliance responsibility for such an FIR is retained by the seller include that FIR on a Related Incidents Not Transferred list and provide a Seller Retains Responsibility Attestation.</li> </ol> </li> </ul> <p>If the parties perform the research and determine that all corrective actions for a particular FIR have been resolved, that FIR does not need to be listed on the Form 9 but will be subject to Rule 218.d(1)D.iii.</p>	04/11/2022
Financial Assurance	Met with Joe and Wayne to discuss what needs to be done. Black Hills will need to hire a third party to correct the subsequent. It may take a while to get the form corrected.	03/15/2022

Financial Assurance	03/04/22 Reached out to both operators for a status on Jane's review.	03/04/2022
Permit	<p>Reviewed Intent # 402640204 and Subsequent # 402649497.  Emailed seller &amp; buyer contacts with list of problems and solutions.
