INACTIVE WELL NOTICE

- ☒ An oil or gas Well that has been shut-in and has not produced for a period of 12 consecutive months
- ☐ An oil or gas Well that has been temporarily abandoned for a period of 6 consecutive months
- ☐ A Class II UIC Well which has not been utilized for a period of 12 consecutive months
- ☐ A Suspended Operations Well with no activity other than monthly Bradenhead monitoring for more than 24 consecutive months
- ☐ A Waiting on Completion Well with no activity other than monthly Bradenhead monitoring for more than 24 consecutive months

Provide the reason why this Well is Inactive.

Well has been shut in due to the loss of gas sales as a result of the Western Gas Resources Third Creek Gas Gathering System shut down in 6/2018. Western Gas Resources operates the Wattenberg Gas Gathering System in the vicinity of the Hosmer 23-32 production facility and could be returned to production if Western Gas Resources would cooperate. To date Western Gas has ignored repeated requests for a gas connection and is unwilling to dialog with Renegade.

Operator's current Financial Assurance Option: _____

Commission Order Number for the Operator's most recently approved Financial Assurance Plan: _____

Document Number of the Operator's most recently approved Financial Assurance Plan (Form 3): _____

Does the Operator's current Financial Assurance Plan require additional or different Financial Assurance for this Well? N/A

OPERATOR COMMENT AND SUBMITTAL

I hereby certify all statements made on this form are, to the best of my knowledge at the time of submittal, true, correct, and complete.

Renegade has been attempting to obtain a new gas sales connection to the Western Gas Resources Wattenberg gas gathering system for this previous commercial well. A data center is also a possible option for the Hosmer 23-32 casinghead gas production once new rules are adopted in Adams County.
