**EVIDENCE OF FINANCIAL CAPABILITY**

Provide evidence that the Operator is financially capable of meeting the timelines required by Rule 434.d.(4) for its Plugging List. (If this space is inadequate, provide as an attachment.)

Magpie is an operator in good standing, who is fully bonded under the current rules, and has no outstanding, delinquent, or overdue financial obligations relating to the Commission, or its vendors, contractors, royalty owners, or other parties. Magpie has complied with the insurance requirements as provided for under COGCC Rule 705. Magpie is a privately held, solvent company whose operations meet the standards set forth in COGCC rules. Magpie has regularly conducted remediation/reclamation operations and is the owner and operator of certain equipment that it uses to plug and abandon wells. Finally, as COGCC records would show, Magpie has averaged plugging over 7 wells per year over the previous three calendar years. Magpie believes this publicly available evidence satisfies the requirements put forth by Rule 434.d.(4). Based on the timeline put forth under the rules, and the number of wells Magpie has placed on the Out of Service (OOS) list, the evidence clearly illustrates Magpie's current and historic ability to comply with its obligations.
