Interim reclamation activities have been performed for the MLVT area and cut/fill slopes. Vegetation throughout the interim areas has not met Rule 1003 standards and will remain IN-PROCESS. Operator shall continue to monitor and manage this site until the location meets Rule 1003 standards. Operator shall submit a Form 4 Interim Reclamation Complete notice when the location meets Rule 1003 standards. COGCC may conduct inspections prior to receiving said notice to ensure compliance with Rule 1003. Refer to the attached inspection photos.

Operator has not reduced the size of the location per the Form 2A; however, due to the facility layout and additional equipment (Doc.# 401830215) there would be minimal area to interim reclaim.
