Attention: Mr. William R. Smith, Deputy Director

Gentlemen:

Please refer to your letter of December 1, 1966, concerning the location clean-up on the No. 1-23 Schweizer, Section 23, Township 33 South, Range 43 West and the No. 1-16 State-Duncan, Section 6, Township 30 South, Range 44 West, both in Baca County, Colorado.

Our field personnel advise that the above-mentioned well locations are as follows:

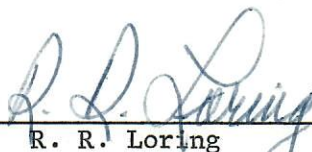

1. No. 1-23 Schweizer. The bulldozer contractor has crowded the pits and has been waiting for further drying before finishing the clean-up and levelling. This should be completed soon.
2. No. 1-16 State-Duncan. The surface owner requested that we delay covering pits and levelling the location while his cattle were on the land. His plans were to remove the live stock on or about December 1st. The clearing and levelling should, therefore, commence promptly.

We trust that the above plans will meet with your approval.

Very truly yours,

W. C. McBRIDE, INC.

By

R. R. Loring
Division Production Supt.
