Re: Well No. 1 J.E. Veltri, Sr.
NE $\frac{1}{4}$ NE $\frac{1}{4}$ Sec. 17, T-33S, R-60W
Las Animas County

Dear Sir:

We are unable to approve the Subsequent Report of Abandonment received in this office on September 13 because of lack of information concerning the method of plugging.

According to the Rules and Regulations (Rule 330 f) the operator must obtain approval of plugging method prior to plugging, and shall notify the office of the Commission of the estimated time and date the plugging operation of any well is to commence.

Before any permission can be given for a bond release, the proper plugging reports should be submitted as well as a well completion report. In addition a field inspection of the well site will also have to be made.

We would appreciate that this matter be taken care of as soon as possible.

Very truly yours,

OIL AND GAS CONSERVATION COMMISSION

Frank J. Piro, Deputy Director
