Attention of Mr. Everett Tracy

Gentlemen:

You have indicated by the completion report and other forms that your No. 1-6 Nicodemus well in the SE/4 SE/4 of Section 6, Township 34S, Range 42 West is a multiple completion in the Cherokee and Waubensee formations.

Since this is the first multiple completion in these two pools, a hearing will be required before you will be permitted to produce from both zones.

Very truly yours,  
OIL AND GAS CONSERVATION COMMISSION
