

August 19, 1959

Mr. Carl Losey
P. O. Box 418
Fruita, Colorado

Dear Mr. Losey:

Reference is made to your letter of August 15 concerning the Hawkins well located in Sec. 24, T.2N., R.3W., Mesa County.

We have no objection to leaving the area in its present condition as long as the new landowner has no complaints. However, as a matter of record, the new landowner should write a letter to this office stating that he has no objection to the condition of the location and will have it cleaned at his convenience.

An extra copy of this letter is enclosed. We would like to have you give this copy to the new landowner for his own information and in order that he may write directly to our office.

Your cooperation concerning the final disposition of this well has been greatly appreciated.

Very truly yours,

OIL AND GAS CONSERVATION COMMISSION

Frank J. Piro, Assoc. Petroleum Engineer

Enclosure

August 3, 1959

Mr. Carl Losey
P.O. Box 418
Fruita, Colorado

Dear Mr. Losey:

Reference is made to the Hawkins well, Hynes No. 1, located in Section 24, T.2N., R.3W., Mesa County.

The plugging of the well appears satisfactory. However, we would like to have the site cleared of the remains of the old cable rig and other debris.

As discussed on the phone during my visit there last July 29, this may present some difficulties as you mentioned the possibilities of not being able to drive onto the location.

Please advise this office, as soon as possible, of any plans you may have to complete this work.

Very truly yours,

OIL AND GAS CONSERVATION COMMISSION

Frank J. Piro, Associate Petroleum Engineer
