Re: Bond # ~~87~~4778-6092-Norman A. Brethouwer
(Edna Exploration Co.) # 1 Stiner
CSENEW 24-2N-3 W- Mesa County, Colorado

Gentlemen:

We are enclosing a book of Our Rules and Regulations for reference as to our requirements. On the above well all we have on file is the approved intention to drill filed by The Edna Company, c/o Medical Center, Montrose, Colorado, dated February 16, 1961 together with a report from our field engineer on November 13, 1962.

This report states a Mr. Broadhead advised the well was plugged to 1100 ft and that he would plug it within 30 days and notify our engineer. This has not been done.

Also on file are 5 requests for release of this bond. Again we advise that this bond cannot be released until well is properly plugged and written forms submitted to verify this.

In your letter of October 9 you advised The Edna Company was no longer in operation. It is just possible and may be a lead that Mr. Broadhead is to send in the completion reports necessary to close file. His address is 1645 North 7th St. Grand Junction, Colorado. A copy of this letter is being forwarded to him together with blank forms.

When we are in a position to release this bond you will be notified.

Very truly yours,
OIL AND GAS CONSERVATION COMMISSION

D.V. Rogers, Deputy Director

Doucette
