Dear Mr. Rogers,

I am enclosing an application for permit to drill another well at Rangely for Rosen Oil Company. I sent a check, my check no. 1252, dated Jan. 9, 1967 for the fee on the Rosen No. 804-2 well. <sup>Permit 67-12</sup> This latter well has not been drilled yet, but it is planned to drill it next month. Please use the above check to cover the permit fee on this well and I will send another check when we are ready to drill No. 804-2.

Sincerely,
