Operator
Comment:

Operator is in process to research historical Google Earth to try and determine actual historic location of pit. Operator at time of inspection had submitted Form 27 Doc#403509794 on 8/25/23 to start process to close pit. Included in Form 27 Doc# 403509794 were statements that operator was unable to locate registered pit. There is no current indication of pit at registered location or within vicinity of wellhead or meter shed. Operator asks for guidance if unable to locate pit location as operator does not want to submit knowingly incorrect data on Form 15
